

# An Autumn Walk Around the Lake at Stourhead Nov. 2019

We never get tired of walking around the lake and taking innumerable  
photographs

- Here you have a map. Starting from the “you are here” we go right by the lower path 6, 7 and on to the walkway across the lake missing the grotto 10, past the cottage 11 and the temple 12. Then across the narrow footbridge and back passed the stone bridge 15 and the cross 16.
